Activitatea de cercetare științifică este structurată pe următoarele procese:

- programe de cercetare, granturi, contracte;
- manifestări științifice;
- valorificarea rezultatelor cercetării științifice prin publicații etc.;

În anul 2022, rezultatele cercetării științifice s-au materializat în nouă cărți (una dintre ele a apărut în limba română și în limba engleză, iar o alta a fost editată în portugheză, italiană, franceză și germană), două capitole în volume colective, 65 de articole în reviste indexate în baze de date internaționale (inclusiv Clarivate Analytics ISI și Emerging Sources Citation Index) și alte reviste recunoscute, precum și 107 articole/studii/prezentări, atât în cadrul simpozioanelor organizate de Universitatea ARTIFEX, cât și în cadrul altor simpozioane desfășurate la nivel național/internațional (o parte dintre articolele prezentate la, respectiv publicate în volumele simpozioanelor internaționale au fost diseminate și în reviste indexate sau recunoscute). De asemenea, o parte dintre articole sunt indexate/ în curs de indexare în Clarivate Analytics ISI și ISI Proceedings.

Cadrele didactice ale Universității au fost implicate în două proiecte cu mediul de afaceri (derulate la nivel instituțional). Realizările sunt prezentate, la nivel individual, dar și în formă centralizată, în anexele la prezentul raport.

3. Organizarea și derularea activităților administrative

Activitatea Comisiei Senatului pentru Învățământ, Cercetare Științifică și Activitate Editorială a urmărit, în principal, următoarele aspecte, în anul 2022:

- Analiza activităților derulate în cadrul cercurilor științifice studențești ce funcționează în cadrul Facultății de Management-Marketing și a Facultății de Finanțe și Contabilitate.
- Analiza modului de derulare a manifestărilor științifice organizate de Universitatea „ARTIFEX” pe parcursul anului 2022.

Având în vedere contextul și experiența edițiilor anterioare, simpozionul s-a desfășurat în sistem online-videoconferință. Au participat/prezentat lucrări colegi din China (SAR Macau), Republica Moldova, Ucraina, majoritatea reprezentanți ai unor instituții partenere.

În Universitatea „ARTIFEX”, precum și în cadrul facultăților de Finanțe și Contabilitate și Management-Marketing, continuă să funcționeze cercurile studențești de cercetare științifică și se organizează periodic sesiuni de comunicări științifice, simpozioane, conferințe și mese rotunde, în care sunt implicați, pe lângă cadrele didactice, studenții, masteranzii și absolvenții. Studenților, care au desfășurat activitate de cercetare științifică cu rezultate deosebite, li se acordă premii și diplome de excelență. La fel ca și în anii anteriori, în Universitatea „ARTIFEX”, în anul 2022, sesiunile de comunicări științifice ale cercurilor studențești au fost organizate în aceeași perioadă cu edițiile mai/decembrie ale Simpozionului Internațional „*Experience. Knowledge. Contemporary Challenges*”.

Începând cu ediția din mai 2021, simpozionul studențesc se desfășoară în cadrul internațional, fiind invitați să participe studenți de la instituții partenere ale Universității sau de la alte instituții, unde există cadre didactice care au participat/participă la simpozioanele internaționale ale Universității „ARTIFEX” din București. Lucrările prezentate au fost elaborate sub îndrumarea unui cadru didactic, cercetător sau specialist (cu titlul de doctor).

În mai și decembrie 2022 s-au desfășurat edițiile cu numărul trei și, respectiv, patru, sub egida EKCC. Lucrările simpozionului sunt publicate în volume (CD) cu ISBN, prin colaboarea cu Editura „ARTIFEX”.

La fel ca la simpozioanele dedicate cadrelor didactice și cercetătorilor, lucrările manifestărilor studențești au fost organizate în sistem videoconferință, deși o parte dintre studenți au fost prezenți în campusul „ARTIFEX” și s-au conectat la eveniment prin intermediul rețelei locale a universității.

Mentionăm și faptul că mai mulți studenți de la programele de studii ale universității au colaborat cu cadrele didactice în elaborarea de comunicări prezentate la cele două simpozioane

internaționale dedicate cadrelor didactice și cercetătorilor, publicate în volumele edițiilor cu numărul 10 și 11.

Un grup de studenți ai universității au participat la Olimpiada (Competiția) științifică studențească „Black Sea Science 2022”, organizată de Odessa National Academy of Food Technologies din Ucraina.

Sunt suportate exclusiv din bugetul de cercetare al universității toate acele cheltuieli ocazionate de organizarea activității cercurilor științifice studențești și a sesiunilor de comunicări științifice ale acestora, inclusiv publicarea gratuită a lucrărilor de un înalt nivel calitativ.
