2. Rezultatele cercetării științifice

În anul 2024, rezultatele cercetării științifice s-au materializat în cinci cărți, două capitole în volume colective, 37 de articole în reviste indexate în baze de date internaționale (inclusiv Clarivate Analytics ISI și Emerging Sources Citation Index) și alte reviste recunoscute, precum și 68 articole/studii/prezentări, atât în cadrul simpozioanelor organizate de Universitatea ARTIFEX, cât și în cadrul altor simpozioane desfășurate la nivel național/internațional (o parte dintre articolele prezentate la, respectiv publicate în volumele simpozioanelor internaționale au fost diseminate și în reviste indexate sau recunoscute). De asemenea, o parte dintre articole sunt indexate/ în curs de indexare în Clarivate Analytics ISI și ISI Proceedings.

Cadrele didactice ale Universității au fost implicate într-un proiect cu mediul de afaceri (derulat la nivel instituțional). Realizările sunt prezentate, la nivel individual, dar și în formă centralizată, în anexele la prezentul raport.

3. Organizarea și derularea activităților administrative

Activitatea Comisiei Senatului pentru Învățământ, Cercetare Științifică și Activitate Editorială a urmărit, în principal, următoarele aspecte, în anul 2024:

- Analiza rapoartelor privind activitatea de cercetare științifică a cadrelor didactice cu norma de bază în Universitatea „ARTIFEX”, aferentă anului 2024.
- Analiza planurilor de cercetare științifică ale cadrelor didactice pentru anul universitar 2024-2025.

Având în vedere contextul și experiența edițiilor anterioare, simpozionul s-a desfășurat în sistem online-videoconferință. Au participat/prezentat lucrări colegi din Bulgaria, Republica Moldova, Turcia, majoritatea reprezentanți ai unor instituții partenere, dar și reprezentanți ai unor instituții de cercetare și ai mediului profesional.

În Universitatea „ARTIFEX”, precum și în cadrul facultăților de Finanțe și Contabilitate și Management-Marketing, continuă să funcționeze cercurile studențești de cercetare științifică și se organizează periodic sesiuni de comunicări științifice, simpozioane, conferințe și mese rotunde, în care sunt implicați, pe lângă cadrele didactice, studenții, masteranzii și absolvenții. Studenților, care au desfășurat activitate de cercetare științifică cu rezultate deosebite, li se acordă premii și diplome de excelență. La fel ca și în anii anteriori, în Universitatea „ARTIFEX”, în anul 2024, sesiunile de comunicări științifice ale cercurilor studențești au fost organizate în aceeași perioadă cu edițiile mai/deceembrie ale Simpozionului Internațional „*Experience. Knowledge. Contemporary Challenges*”.

Începând cu ediția din mai 2021, simpozionul studențesc se desfășoară în cadru internațional, fiind invitați să participe studenți de la instituții partenere ale Universității sau de la alte instituții, unde există cadre didactice care au participat/participă la simpozioanele internaționale ale Universității „ARTIFEX” din București. Lucrările prezentate au fost elaborate sub îndrumarea unui cadru didactic, cercetător sau specialist (cu titlul de doctor).

În mai și decembrie 2024 s-au desfășurat edițiile cu numărul șapte și, respectiv, opt, sub egida EKCC. Lucrările simpozionului se publică în volume (CD) cu ISBN, prin colaboarea cu Editura „ARTIFEX”.

La fel ca la simpozioanele dedicate cadrelor didactice și cercetătorilor, lucrările manifestărilor studențești au fost organizate în sistem videoconferință, deși o parte dintre studenți au fost prezenți în campusul „ARTIFEX” și s-au conectat la eveniment prin intermediul rețelei locale a universității.

Menționăm și faptul că mai mulți studenți de la programele de studii ale universității au colaborat cu cadrele didactice în elaborarea de comunicări prezentate la cele două simpozioane internaționale dedicate cadrelor didactice și cercetătorilor, publicate în volumele edițiilor din anul 2024.

Sunt suportate exclusiv din bugetul de cercetare al universității toate acele cheltuieli ocazionate de organizarea activității cercurilor științifice studențești și a sesiunilor de comunicări științifice ale acestora, inclusiv publicarea gratuită a lucrărilor de un înalt nivel calitativ.
